**EDITOR’S NOTES:** I just got back from a pleasant sojourn to the Detroit Metro area where we visited with family and friends. I am getting better with computers so I was able to do my Krause Publications work on the Bank Note Reporter price guide and my Feature column for that monthly publication. Scanning the ANA auction catalogs for Heritage and Stacks/ Bowers I noted that prices seem to be on the rise for nice material. Almost all large auctions now feature third party graded notes almost exclusively. Heritages Tuesday auctions seem to be a popular exception with lots of more moderately priced material and, of course, you can bargain hunt and stop bidding when you don’t think you’re still in the bargain region. I see some improvement in the prices for popular large size notes such as Buffalos and Indian Chiefs in the Fine to Very Fine ranges. Small Size notes seem the most likely areas to find success cherry picking, as some of the mules in the \$1 Silver Certificates, \$2 Red seals and Green seal Federal Reserve notes and scarce district notes for FRN’s can be found, sometimes at surprising bargains. Nationals seem to be evolving into much more of a Type note pursuit in higher grade. Although rare notes in heavily collected states continue to shine. Michigan notes seem to be more of a bargain now in both Obsolete and National notes. I saw some good buys for Michigan Upper Peninsula Nationals, an area I have always been interested in. I’ll

be looking forward to the Michigan State Show coming up on the long Thanksgiving Weekend. It will be held, once again at the Macomb County Community College in their Sports & Expo Center building at 14500 E. 12 Mile Rd., in Warren, Michigan. If you want to exhibit, get your application in by November 3<sup>rd</sup>. More info on the show in the President's column.

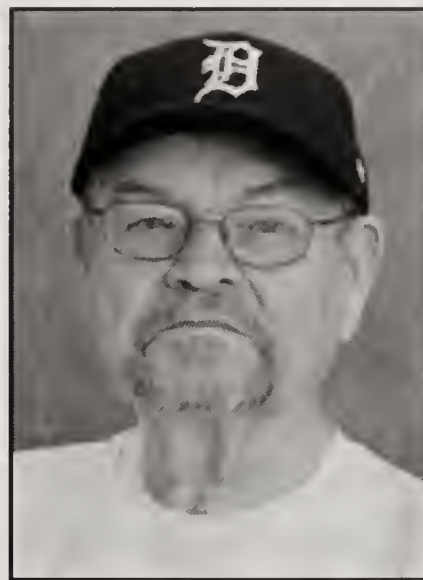

**OUR COVER:** This month's cover is a seldom seen Michigan National Type, a \$100 Brown Back on the National Bank of Houghton, as discussed in Dave Gelwicks article on the National Banks of Houghton, Michigan. This might be the only \$100 Brown Back known on a Michigan National Bank. I had seen a report of this notes sale in an old, old catalog, but had never seen the note or a photo of it. \$50 and \$100 Brown Backs are generally rare, but especially so in Michigan. Be sure to read Dave's article on these Upper Peninsula notes.

## PRESIDENT'S COLUMN:

I will be wearing my Tigers baseball cap for this edition, as the Tigers are in the playoffs and I'll be still watching them, hopefully when you get this issue of the Rag Picker. This has been an especially slow summer for me. I did not get a chance to get down to the ANA Show in Chicago, but there were some great Heritage and Stacks/Bowers auctions at the show. Some great notes went under the hammer and some great prices were realized for some of the notes, especially the high grade notes featured in the Heritage Platinum night auction. I was a successful internet bidder on a reverse Changeover pair of 1935D, \*C block notes with narrow and wide margins in consecutive order. This finishes off my Star set of regular issue 1935 star notes.

My next great experience in the collecting venue will be the Michigan State Show over the long Thanksgiving weekend. As I mentioned in the Editor column this will be held, once again, at Macomb Community College Sports and Expo Center building at 14500 E. 2 Mile Rd in Warren Michigan. Admission is free and the show offers a great bourse show with dealers from all over the country participating. You should be able to find just about anything you're looking for, although I did note that last year there didn't seem to be very many World currency dealers. Lots of great stuff will be on display at the exhibit area. The Fall meeting of our PMCM club will take place at 11:00 AM on Saturday, November 29<sup>th</sup>. There will be a short business meeting followed by a presentation on Scrip and Checks from UP Mining Companies by David Gelwicks. David is an excellent exhibiter and our feature article this issue on UP National Banks was written by David. Don't miss this exciting presentation.

We can always use a few good people, so ask your friends to join us at the meeting and perhaps we can sign them up as new members. Every issue you get a yellow want ad blank and a membership application. Try out that application and see if we can't build up our numbers again. We were around 400 a few years back and are now down in the lower 200's.

That's pretty much it for this issue. If you have any questions or suggestions, Email be at [billbrandimore@charter.net](mailto:billbrandimore@charter.net) I'd enjoy visigint with you at the show, as well, so happy collecting!

Bill Brandimore, president, PMCM.

National Bank Charters of Houghton Michigan

UP North Notes #7  
By: Dave Gelwicks

Houghton, Michigan is a small town in Michigan's upper peninsula located in what was the heart of Michigan's copper mining boom of the mid-1800's. The town is named after state geologist Douglas Houghton who was one of the pioneer explorers who found float copper in various locations during the early surveying days leading to the copper boom.

There were four national bank charters assigned to this town. These assets all became part of Wells Fargo Bank when they bought The Houghton National Bank.

Charter	Name	Charter Date
1247	The First National Bank of Houghton	June 1865
3334	The National Bank of Houghton	April 1885
5896	The Citizen's National Bank of Houghton	July 1901
7676	The Houghton National Bank	April 1905

The summary of known notes, as listed in Track & Price 7/31/2013 is listed below in Table 1. There were 37 varieties and denominations printed from the four chartered national banks. Each variety is listed in Table 2 by their respective charter and those displayed in this article are listed by their figure number. Of the 203 known notes, 14 of the 37 different variety examples are shown in this article.

## Here is a great club you might want to consider if you have any interest in United States Fractional Currency of the Civil War period.

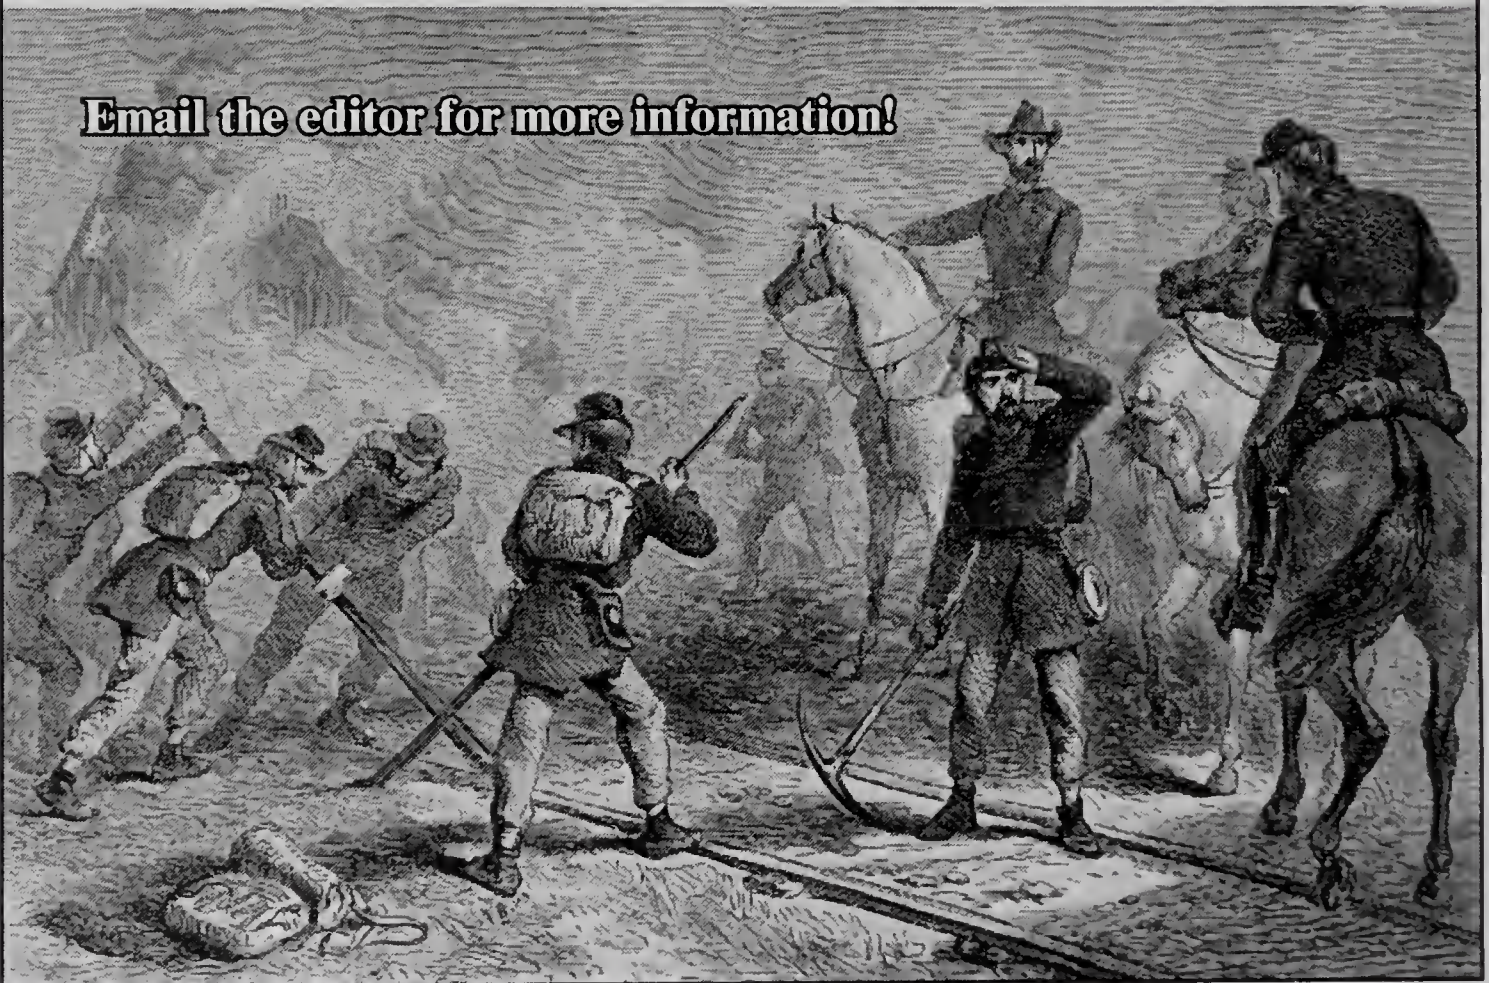

With the \$30 application fee you will receive two books along with one year's membership. The first is The Encyclopedia of Fractional Currency by Milton Friedberg. It is the definitive explanation of all Fractional Currency notes and the various Specimen, Proof and Experimental issues. Well illustrated, it will tell you perhaps more than you want to know.

The second book is called the Simplified Encyclopedia. As the name implies it is a more compact book dealing with less arcane issues. This is a good place to start if you are a beginner, with the regular Encyclopedia as a great reference to delve into for more information.

The FCCB meets every June at the Memphis Paper money show. Members also get together informally at the FUN Show in Florida.

The FCCB is composed of dedicated members who enjoy sharing their knowledge. Join us and join the fun of Fractional Currency!
